(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, FEB. 9, 1912.

NO. 215.

## THREE NIGHT TALKS

CORN, DAIRYING AND ENSILAGE  
WILL BE TOPICS.

## NIGHT SESSIONS FREE

Two Additional Night Lectures Are  
Illustrated and Will Interest  
the Public.

The branch short course in agriculture by experts from the state college at Columbia is to be given in Maryville next week from Monday to Friday, and the lectures will be held in the Normal building, and also the stock judging will be done at the Normal grounds if the weather permits. If it is cold or stormy, the stock judging will be done at Gray's sale pavilion.

Prof. C. B. Hutchison and Prof. E. A. Trowbridge, with two assistants, are to give the lectures. Then on Wednesday evening Prof. S. M. Jordan is to give a free lecture on corn; C. H. Eckles one on dairying on Thursday evening, and A. L. Hecker one on ensilage on Friday evening.

Each of the speakers at the short course is experienced in his line, and has been chosen because he could give Nodaway county farmers the very latest and best work on the subjects. The enrollment for the course at Maryville is 150, and if the weather is nice the farmers can drive to the Normal grounds, and by taking their horse feed the Normal will furnish boxes and hitching so they can care for their teams in the stable and grove near the building. All holders of season tickets may take a free bus to and from the Normal by showing their tickets.

In addition to the day's lectures and stock judging there will be five night lectures, illustrated with lantern slides.

## DAKAN BROS. TOP MARKET.

Load of 296-Pound Hogs Thursday That Sold at \$6.30.

Dakan Bros. of Skidmore were on the St. Joseph market Wednesday with a load of hogs that sold at the top figure, \$6.30, says the Live Stock Journal. The offerings were of mixed breeds on the heavy, well-finished butcher order, averaging 296 pounds. Dakan Brothers are experienced hog raisers and believe in the policy of putting their hogs in good condition before shipping them. They have a number of top sales to their credit on the St. Joseph market.

G. M. Dakan accompanied the load marketed here yesterday. Mr. Dakan says that there is no big surplus of hogs in his part of the country, cholera last fall making heavy inroads on the supply of young stock. Corn is selling around Skidmore at 55 and 56 cents a bushel, and is not to be had in very plentiful quantities at these prices. "Farmers are a little bullish on the corn situation and those that have a surplus of that commodity are not showing much anxiety to cash it in at current prices," said Mr. Dakan.

## STILL DRY HERE.

Mayor Robey Will Try to Have the Council Meet Tonight to Take Action.

Mayor Robey stated Friday morning that another effort would be made to have the council meet in special session this evening for the purpose of taking action on Kane's dramshop petition for a city license. As the county court has already granted the license to Kane, the council will probably do the same thing. Rumors were heard Friday that the local option workers are to make a fight on Kane before the council and also are to take the matter up with the county court. They say, so it is understood, that Kane has violated the laws in that he has sold liquor to a minor, and that he is not therefore entitled to a license even if he has the necessary number of signers.

Just think of it, Maryville has been without saloons for over two days. And if the council don't meet tonight and wait until the regular meeting to take up Kane's petition then Maryville will be dry for over a week.

Adolph Lippman is still busy at work and his attorneys will file a writ of mandamus against the county court Saturday.

## M'ALLISTER WILL RUN.

Makes Formal Announcement of His Candidacy for Attorney General.

Hon. Frank W. McAllister of Paris, president pro tem in the last session of the Missouri senate, announced Friday that he would be a candidate for attorney general on the Democratic ticket.

"My race will be made on the work which I have done as a member of the state senate, in the eight years of which I have been a member of the body," declared McAllister. "I will call attention to my work which I have done as a member of the senate and the people can gauge my qualifications by it."

McAllister was the author of the bill which secured the state's consent toward the construction of the free bridge at St. Louis. That was in 1907. McAllister's first public office was that of city attorney of Paris, Mo. He afterward served one term as prosecuting attorney of Monroe county. He then formed a law partnership with William T. Ragland. When McAllister first made the race for the state senate in 1904, he had no opposition. In 1908 he defeated his Republican opponent by 7,889 votes. In 1911 McAllister was elected president pro tem of the senate. That position carries with it the leadership in the body.

## WENT TO ST. JOSEPH.

Sheriff Tilson There Today to Make Inquiries Concerning William Leonard.

Sheriff W. R. Tilson went to St. Joseph Friday morning to make inquiries concerning William Leonard, who was killed last Friday evening in Maryville. It is said that Leonard had some laundry and also a suit of clothes at St. Joseph, and Mr. Tilson went to investigate the matter. No word has yet been received from Mead county, Kan., and it is not known where the man is from. The body will be held here by Price & McNeal.

## LOOK FOR BIG VOTE

LOCAL OPTION CAMPAIGN CLOSES  
TOMORROW.

## CONFIDENT OF VICTORY

Temperance People Expect to Carry County—Money Raised to Prosecute.

With Maryville dry the last few days, Nodaway county, outside of Maryville will vote on the local option question Saturday. The local option workers are expecting victory in the county, and are still busy at work to see that nothing is left undone.

The county went dry four years ago by over 600 majority, and it looks as if it will do so again Saturday.

A large vote is expected to be cast, as in addition to the local option question a Democratic primary is to also come off on Saturday.

A bond in the sum of \$2,000 has been prepared by the local option committee for the purpose of prosecuting bootleggers should the county go dry in the election Saturday. Two or three hundred signers are being secured and a committee of three men will be named to execute the object of the bond, and prosecute bootleggers and jointists who might seek to engage in the illegal traffic of liquor in the county.

The bond is certain to discourage the illegal sale of liquor, as the penalty for this offense is severe under the local option law, and when a reward is offered for the conviction of all offenders, they will realize that the profits of their illegal sales will not justify the risk.

There was a large attendance of the women of the church, as well as the society's membership, as this meeting was more for the purpose of becoming acquainted with the new minister's wife, Mrs. S. D. Harkness, than for the usual work of the society. The hostesses during the social hour

were Mrs. Charles S. Jackson, Mrs. J. A. Ford and Miss Hazel Petty. The program contained home and foreign mission subjects. Mrs. George Eaton and Mrs. John E. Cameron gave discussions on the Indians for the home subject, and Mrs. G. H. Colbert talked of China for the foreign topic.

## Surprised Their Old Teacher.

Mr. J. V. Embree, living southwest of Maryville, was happily surprised on his 74th birthday anniversary Monday with a post card shower from former students of his, while he was a teacher in Westmoreland county, Pennsylvania, in the early '70's, and by a class of girls he taught in the Maryville public schools in '74 and '76, while he was assistant principal. The cards came from all over the east and were from states in the middle west and on to California. Mr. Embree was the first teacher of Mrs. C. J. Colden of this city, in Westmoreland County, Pennsylvania. His class of girls in the Maryville schools who remembered him Monday were Mrs. Mollie Selbert Cooper of Denver, Col.; Mrs. Frank Norton of St. Louis, Mrs. Emmett Beal of Oelrichs, S. D.; Mrs. L. F. Burnett of Lincoln, Neb.; Mrs. W. M. Howden of Skidmore, Mrs. J. W. Ray, Mrs. George L. Willey, Mrs. O. C. Hanna, Mrs. Gallatin Craig, Mrs. O. L. Holmes, Mrs. Lillie Dean Shelton, all of this city. Mr. Embree taught for a number of years in the county school near his farm after his work in the Maryville schools, and of former pupils there Mrs. T. L. Wilderman of this city was the one who remembered his birthday anniversary.

## They Make Their Own Way.

If you want to have real fun these days, see something that will make you laugh and feel good for the rest of your days everytime you think of it, go down to the high school play grounds at recess time before this snow and ice melts, and watch the youngsters play. Sleds are not allowed on the grounds, nor ice skates, but that does not keep the boys and girls from sliding down hill. They coast and slide around on pieces of tin, pieces of shingles and boards, and anything else that will slip or can be made to slide. And they go like lightning, too. Superintendent Hawkins said Thursday that to watch the work of the children at play and see their wonderful resourcefulness and ingenuity was enough to make anyone believe they did not need play grounds equipment.

## FOR FOLK OR CLARK?

DEMOCRATIC PRIMARY WILL DECIDE THE ISSUE.

## DELEGATES TO BE CHOSEN

County Convention Monday Will Be Composed of Delegates Elected Tomorrow.

Every Democrat in the county should be sure to express his choice for president Saturday in the primary election to be held in every voting precinct of the county between the hours of 1 to 5 o'clock. In addition to expressing a preference for president, each voter has the right to choose the delegates he wants to the county convention, which meets in Maryville on Monday.

The one receiving the highest total vote in the primary Saturday will be the one that the delegates from Nodaway county to the state convention at Joplin will be for. Then the only thing for the county convention to do Monday is to select thirteen delegates to the state convention.

Both the Clark and Folk supporters have been quite active the past week sending out literature. How Nodaway county will go in this election many will not predict, but some are of the opinion that Folk will beat Clark here.

In Maryville and Polk township the polling places for this election will be as follows:

Precinct A, Fourth ward, at Bright's barn.

Precinct B, Third ward, at Gray's sale pavilion.

Precinct C, Second ward, at Robey's garage.

Precinct D, First ward, city hall.

## TO START MEETINGS SUNDAY.

Evangelist W. J. Calfee to Be Here for First Methodist Church Revival.

Evangelist W. J. Calfee will be here so as to begin his services with the First Methodist Episcopal church next Sunday morning. He will preach morning, afternoon and evening. The afternoon meeting will be held at 2 o'clock and will be a men's meeting. The evangelist will speak on "The Great Modern American Miracle." His message will be in the interest of the modern movements for men and boys. There will be nothing in this address that could not with perfect propriety be said before any promiscuous audience of men, women and children. But the message is a men's message, and therefore a men's meeting. There will be services every evening next week, beginning promptly at 7:30 o'clock. On Friday afternoon at 4:15 there will be a meeting for the girls. It is put at this hour so that they may go directly from school to the church. On Saturday evening there will be a meeting for the boys.

Evangelist Calfee has had large success both as a pastor and evangelist. It is estimated that he has been the means of bringing over 15,000 people to Christ. He is a big hearted, brotherly man, and preaches a sane gospel. Dr. Ford knows him well, having been district superintendent of the Kansas City district while Dr. Calfee was pastor of the leading church in Kansas City, Kan., of which Mrs. Ford and children were members and regular attendants.

#### GAME WARDEN TOO INDUSTRIOUS

Kansas Officer Who Robbed House in  
Raid Gets Indeterminate Term  
in Penitentiary.

Pittsburg, Kan., Feb. 9.—The hold-  
ing of a state office proved too great  
a temptation to Dencil W. Jones, re-  
cently a state deputy game warden.  
Jones was convicted of robbery in the  
first degree in the district court and  
received an indeterminate sentence  
of from ten to 20 years.

While discharging the duties of his  
position last fall, Jones decided that  
he could just as well enforce the  
prohibitory laws in Crawford county  
as the game laws. So he went to the  
home of two sisters, whose husbands  
are miners, and were away at work.  
He announced that he was there to  
see if they were running a joint.  
Jones searched the house and took  
money and other articles, among them  
a few bottles of grape juice. The  
women made complaint and prosecu-  
ted him.

use of alcoholic stimulants, caused  
death. Peter Jackson, a taxicab  
chauffeur, who had been held by the  
police was discharged.

## SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and  
Prevents Catarrh and  
Cold in the Head.

The quickest, best and safest way to cure  
catarrh or a cold in the head is by using  
a remedy that will "touch the spot" and  
do its work quickly without leaving any  
bad effects. Ely's Cream Balm, which is  
applied to the nostrils or rubbed on the  
throat or chest gets right at the root of the  
trouble and instantly relieves even the  
worst case of catarrh or cold. A few min-  
utes after applied you can feel a loosening  
up in the head, the pain and soreness are  
gone, the sense of taste, smell and hearing  
come back, and you feel like a different  
person.

Ely's Cream Balm cleanses, heals and  
strengthens the inflamed membranes, takes  
away that stuffed up feeling and dull pain  
in the head, relieves the throat soreness  
and stops the nasty discharge which is the  
cause of the disgusting hacking, spitting,  
blowing of the nose, and foul breath. Hay  
fever victims who are made miserable by  
fits of sneezing, coughing and wheezing  
get instant and permanent relief by the  
use of this simple remedy.

Don't suffer another minute. Ely's Cream  
Balm will relieve you immediately, and a 50  
cent bottle will more than likely work  
a complete cure. All druggists sell it.

## The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September 1908. Since then I have had occasional attacks of kidney complaint, and I have always used Doan's Kidney Pills at such times. I recommend them whenever opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

## "KIMMEL" WAS IN COURTROOM

Presence Not Known to Public Until He Had Left.

## HAD BEEN REPORTED MISSING

Alleged Banker in Great Insurance Contest Will Testify Against Mother and Sister, Who Want to Collect on Policy.

St. Louis, Feb. 9.—Andrew J. White, former convict, who claims to be George A. Kimmel, missing Arkansas City, Kan., banker, whose insurance policies are being contested in the United States district court, was in the courtroom for ten minutes. His presence was not known to other persons in the room and he departed quietly after listening to a part of the testimony.

White was found, lost and found again. After being discovered at a rooming house, where he had lived for three weeks, he departed, announcing he intended to leave the city. He was later found in a hotel eating with Harry Fox of Niles, Mo., whose wife is a relative of Kimmel and who accepts him as such.

"Hid for Family's Sake." "I buried myself for my family's sake," he said in speaking of the disappearance of Kimmel in 1898. "It has been my funeral. I did this for my mother and sister, not with any hope of benefit to myself. Mother and Edna (Mrs. Estelle Kimmel and Mrs. Bonsett) have pleaded with me not to ruin their chances for collecting the insurance. I shall testify to this at the trial."

Two witnesses testified and two depositions were read in court. The last witness, Dr. Frederick M. Benine of Niles, Mich., a boyhood chum of Kimmel, who later operated on him for a disease of the eye, testified that the man he saw in the Auburn, N. Y., prison, where he was held under the name of White, was not George A. Kimmel.

Eyes Not the Same Color. The operation on the eye of Kimmel, testified the doctor, left a scar which was necessarily permanent. The convict had no such scar. The eyes of the convict were not the same color, and the convict, the witness said, mispronounced the doctor's name.

A postcard was shown which Dr. Benine sent from Auburn to his chauffeur with a picture of the prison and the words: "He is in there." Dr. Benine said that by the "he" he meant the claimant and did not mean to convey the idea that the man was Kimmel.

It was while Mrs. Andrew J. Hunt, a former neighbor of Kimmel, as the first witness of the day, was testifying that White was in the courtroom. He heard Mrs. Hunt testify that he was not Kimmel, she having seen the claimant in prison. The defense in its statement to the jurors said that Andrew J. Hunt and Kimmel were so closely connected in business transactions that Hunt had good reasons for wanting to keep Kimmel "dead."

## PAY THEIR WAY THROUGH SCHOOL

Two Boys at Emporia Found Milk Business Profitable—Dairy Crew Rapidly.

Emporia, Kan., Feb. 9.—Last fall Ole Dressler and Antonio Mullen, students at the College of Emporia, who, if they wished to go through school, must pay their own expenses, went into the dairy business in a small way. They bought a couple of cows and worked up a milk route. They were model milkmen and their satisfied customers told their friends and their trade increased so that the purchase of more cows was necessary. They sold the scrubby cows and bought Jerseys and increased their herd to four. This week they bought five more Jerseys to keep up with their increasing trade and they now supply 35 families.

## May Bar Our "Spuds."

Washington, Feb. 9.—Canada is about to put up the bars against potatoes from the United States, fearing the dread black wart, according to department of agriculture officials. The "wart" does not exist here, but there is no quarantine law which would keep infected potatoes from Europe out of American ports, whence they might make their way into Canada.

## To Heaven Without Dying.

Des Moines, Ia., Feb. 9.—Charles Thompson of Nevada, Ia., president of the Northern Union conference of Seven Day Adventists, in an address to the delegates here declared that the time when people shall be taken up bodily from the earth and transported directly to heaven without experiencing death is only a few years in the future.

## Furniture Sale

We Will Have Our Regular Spring Sale from February 1st to 17th

We may be small dealers but we are the liveliest little fellows in the country yet. But we frankly say that we do not buy in car load lots for two reasons.

FIRST—We cannot get the prices we can to buy in different places, as we can some times buy one article from one factory that we cannot buy from any other place and get the price.

SECOND—We do not carry a double stock on which the interest on investment would pay our freight, but we always have plenty of nice, fresh and new goods and at the right price.

We are positive we own our goods as cheap as any one and sell as cheap. We are short on imitation or American quartered oak but we have plenty of the Genuine and they are right. We bought heavy in Beds this winter and have a good supply that we own for less than the jobber owns them and will give our patrons the benefit of the purchase. We will make you a few prices to show you we are right in prices.

## DURING THIS SALE WE WILL SELL YOU

2 inch post Brass Beds, satin finish for ..... \$12.50 and up to \$30 for the finest.

## HINES TRIED TO BRIBE OPERATOR

Lumberman Wanted to See Telegram  
Sent by Detective.

### TESTIMONY CAUSED SENSATION

Physical Encounter Narrowly Averted  
in Lorimer Hearing When Girl  
Tells of Offer and Visit  
of Attorneys.

Washington, Feb. 9.—A sensation was produced in the senate Lorimer committee hearing by Miss Helen Seavers, telegraph operator in a local hotel, who testified that Edward Hines, the millionaire lumber man, had offered her money, about two weeks ago, to let him see a telegram Detective Bailey had just sent to H. E. Kerr. The telegram announced a postponement of the hearing.

Miss Seavers swore that a few minutes after Bailey sent the message, Hines came to her booth and asked to see the message just sent to Kerr. Says She Saw "The Green."

Miss Seavers added that Hines then said he would "put something in your paw" if she would let him see the telegram. The witness declared that Hines had money in his hands because she saw "the green," and that she shut the money drawer because she did not want him to drop the money in there.

The next day, she testified, Detective Bailey remarked to her: "Little girl, don't show my telegrams to any one."

At first she did not tell of informing Bailey then that Hines had sought to see the telegram. Later she testified that she did.

#### Fisticuffs Threatened.

Physical hostilities were threatened when Miss Seavers told of a visit paid to her by Bailey and Attorney Healy, associated with Attorney Marble in representing the committee, with regard to the Hines incident.

"Did anybody else hold money in their hands while they were talking with you on that occasion—while Mr. Healy and Mr. Bailey were talking with you?" inquired Attorney Haney. "That is a gratuitous insult," flashed Attorney Healy. Attorney Haney retorted that he wanted it understood that Edward Hines was not the only one who could be insulted in the hearing.

#### Alleged "Trick" Question.

Chairman Dillingham suggested that no insult had been intended, but Senator Lea and others protested. Attorney Marble enlivened the already tempestuous proceedings by declaring Attorney Haney's remarks assumed money was in sight and that it was a "trick" question.

Attorney Haney remarked that the testimony merely tended to show that Hines had money in his hand while he was sending a telegram, but Senator Jones suggested that the committee might not put that interpretation upon it.

"She understood he was attempting to bribe her," declared Senator Jones.

#### Caught a Wild Man.

McAlester, Ok., Feb. 9.—For two weeks a wild man without clothes has been wandering in the woods east of here. The sheriff put bloodhounds on his trail and caught him. He is a giant and does not realize the weather is cold. He carried his clothes and said he was picking nettles out of them. He is believed to be a railroad shopman from Shawnee, missing for several weeks.

#### Carried Out to Sea.

San Diego, Cal., Feb. 9.—While hundreds lined the shore at Ensenada, lower California, witnessing the storm the power schooner Olympia was torn from its moorings and carried out to sea. Jesus Gonzales, a caretaker, crawled to the deck and beckoned to the helpless spectators for aid as the schooner was carried out of sight.

### SHOULD MEASURE LAND BY QUART

Representative Clark, of Florida Says  
This Is How Sales in His State  
Should Have Been Made.

Washington, Feb. 9.—Representative Frank Clark of Florida replied hotly in the House to a statement given out by the Department of Agriculture which described his presentation of the charges of suppression of facts and undue influence of land promoters as "prejudiced and one-sided."

"I hesitate to take this action because I looked upon the venerable Secretary of Agriculture more in a sense of pity than of blame. But millions of dollars have gone into the coffers of those land sharks in Florida for lands that were eight or ten feet under water and that should have been sold by the quart instead of by the acre."

#### Postal Thief Is Vengeful.

Wichita, Feb. 9.—James J. Hamilton arrested by postoffice inspector for conspiracy to defraud the mails, declares he will furnish bond when his father and brother arrive from Missouri, and then will not only clear himself but will involve several other persons.

## MANY SEEK MACON SWINDLER

REAL ESTATE SHARK WANTED  
IN OTHER STATES.

Rewards Offered in Different Parts of  
Country Now Aggregate  
\$40,000.

Macon, Mo., Feb. 9.—Evidence is coming in daily to the Hicks-Northcott Title and Investment company about Jacob L. Miller's operations in other places as well as in Macon, where he obtained \$2,500 on a forged deed. The man goes under as many different aliases as places he operates. His facility for avoiding detection is the most remarkable thing about his exploits. Everything is known about his method of doing business, but nothing about his way of hiding himself.

The most likely theory is that somewhere in Missouri, Illinois or Iowa, Miller lives under a different name as a reputable farmer and is widely known. Letters have come from firms in different parts of Iowa and Illinois telling of similar losses.

The details in all these transactions are about the same. The swindler comes to a town posing as a farmer who desires to buy a farm. After a few days in looking around he offers some farmer a good price for his land. The farmer's signature is obtained on a power of attorney drawn up by some notary.

He then goes to some real estate firm in the county seat and has them examine the title and draw up the deed and asks for a loan on the land to make improvements. As the farm is ample security, the firm is willing to make it. He then takes the deed, to get the farmer's signature. In a few days he comes back with the deed properly signed and with a notary's seal affixed and the loan is made. The firm then learns that the signature and seal have been forged.

Rewards amounting in all to more than \$40,000 have been offered in different parts of the country for the arrest and conviction of the man.

## LAW SCHOOL DEAN TO EUROPE

Judge J. D. Lawson Retires From  
Missouri University to Study  
Criminology Abroad.

Columbia, Mo., Feb. 9.—Judge John D. Lawson, for 21 years a teacher and nine years dean of the school of law of the University of Missouri, will retire as dean of the school, but will continue his duties as a teacher. President Hill said that he had nominated E. W. Hinton, now a teacher of law in the university, to succeed Judge Lawson.

Judge Lawson's retirement comes at his own request because of his duties in connection with the investigation of criminal procedure for the American Institute of criminal law and criminology. He is a member of a special committee which has been studying criminal procedure abroad and will return to Europe again in the spring for the summer and continue the work.

## RETAINED POOL PLAYING PASTOR

Business Men Threatened to With-  
draw Support if He Was Removed  
—Was Champion of Town.

Spokane, Wash., Feb. 9.—When members of his flock found that the Rev. Frank E. Whitman, pastor of the Hope Congregational church of Newport, Wash., played pool in public halls, they complained to the Congregational ministers of Spokane and asked for an investigation.

The hearing disclosed that the preacher was the champion pool player of the town, but business men threatened to withdraw their support from the church if he was removed.

The investigating committee recommended that the pastoral relations be continued, and 24 new members were added to the church rolls.

## A BALD-HEADED WOMAN.

Shorn of Her Crown of Beauty, Loses  
In Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness, and success. Yet there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either relieve dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store, The Orear-Henry Drug Co., 113 North Main Street.

NO. 215.

## THREE NIGHT TALKS

CORN, DAIRYING AND ENSILAGE WILL BE TOPICS.

## NIGHT SESSIONS FREE

Two Additional Night Lectures Are Illustrated and Will Interest the Public.

The branch short course in agriculture by experts from the state college at Columbia is to be given in Maryville next week from Monday to Friday, and the lectures will be held in the Normal building, and also the stock judging will be done at the Normal grounds if the weather permits. If it is cold or stormy, the stock judging will be done at Gray's sale pavilion.

Prof. C. B. Hutchison and Prof. E. A. Trowbridge, with two assistants, are to give the lectures. Then on Wednesday evening Prof. S. M. Jordan is to give a free lecture on corn; C. H. Eckles one on dairying on Thursday evening, and A. L. Hecker one on ensilage on Friday evening.

Each of the speakers at the short course is experienced in his line, and has been chosen because he could give Nodaway county farmers the very latest and best work on the subjects. The enrollment for the course at Maryville is 150, and if the weather is nice the farmers can drive to the Normal grounds, and by taking their horse feed the Normal will furnish boxes and hitching so they can care for their teams in the stable and grove near the building. All holders of season tickets may take a free bus to and from the Normal by showing their tickets.

In addition to the day's lectures and stock judging there will be five night lectures, illustrated with lantern slides.

## DAKAN BROS. TOP MARKET.

Load of 296-Pound Hogs Thursday That Sold at \$6.20.

Dakan Bros. of Skidmore were on the St. Joseph market Wednesday with a load of hogs that sold at the top figure, \$6.20, says the Live Stock Journal. The offerings were of mixed breeds on the heavy, well-finished butcher order, averaging 296 pounds. Dakan Brothers are experienced hog raisers and believe in the policy of putting their hogs in good condition before shipping them. They have a number of top sales to their credit on the St. Joseph market.

G. M. Dakan accompanied the load marketed here yesterday. Mr. Dakan says that there is no big surplus of hogs in his part of the country, cholera last fall making heavy inroads on the supply of young stock. Corn is selling around Skidmore at 55 and 56 cents a bushel, and is not to be had in very plentiful quantities at these prices. "Farmers are a little bullish on the corn situation and those that have a surplus of that commodity are not showing much anxiety to cash it in at current prices," said Mr. Dakan.

Mayor Robey Will Try to Have the Council Meet Tonight to Take Action.

Mayor Robey stated Friday morning that another effort would be made to have the council meet in special session this evening for the purpose of taking action on Kane's dramshop petition for a city license. As the county court has already granted the license to Kane, the council will probably do the same thing. Rumors were heard Friday that the local option workers are to make a fight on Kane before the council and also to take the matter up with the county court. They say, so it is understood, that Kane has violated the laws in that he has sold liquor to a minor, and that he is not therefore entitled to a license even if he has the necessary number of signers.

Just think of it, Maryville has been without saloons for over two days. And if the council don't meet tonight and wait until the regular meeting to take up Kane's petition then Maryville will be dry for over a week.

Adolph Lippman is still busy at work and his attorneys will file a writ of mandamus against the county court Saturday.

## M'ALLISTER WILL RUN.

Makes Formal Announcement of His Candidacy for Attorney General.

Hon. Frank W. McAllister of Paris, president pro tem in the last session of the Missouri senate, announced Friday that he would be a candidate for attorney general on the Democratic ticket.

"My race will be made on the work which I have done as a member of the state senate, in the eight years of which I have been a member of the body," declared McAllister. "I will call attention to my work which I have done as a member of the senate and the people can gauge my qualifications by it."

McAllister was the author of the bill which secured the state's consent toward the construction of the free bridge at St. Louis. That was in 1907. McAllister's first public office was that of city attorney of Paris, Mo. He afterward served one term as prosecuting attorney of Monroe county. He then formed a law partnership with William T. Ragland. When McAllister first made the race for the state senate in 1904, he had no opposition. In 1908 he defeated his Republican opponent by 7,889 votes. In 1911 McAllister was elected president pro tem of the senate. That position carries with it the leadership in the body.

## LOOK FOR BIG VOTE

LOCAL OPTION CAMPAIGN CLOSES TOMORROW.

## CONFIDENT OF VICTORY

Temperance People Expect to Carry County—Money Raised to Prosecute.

With Maryville dry the last few days, Nodaway county, outside of Maryville will vote on the local option question Saturday. The local option workers are expecting victory in the county, and are still busy at work to see that nothing is left undone.

The county went dry four years ago by over 600 majority, and it looks as if it will do so again Saturday.

A large vote is expected to be cast, as in addition to the local option question a Democratic primary is to also come off on Saturday.

A bond in the sum of \$2,000 has been prepared by the local option committee for the purpose of prosecuting bootleggers should the county go dry in the election Saturday. Two or three hundred signers are being secured and a committee of three men will be named to execute the object of the bond, and prosecute bootleggers and jointists who might seek to engage in the illegal traffic of liquor in the county.

The bond is certain to discourage the illegal sale of liquor, as the penalty for this offense is severe under the local option law, and when a reward is offered for the conviction of all offenders, they will realize that the profits of their illegal sales will not justify the risk.

## Surprised Their Old Teacher.

Mr. J. V. Embree, living southwest of Maryville, was happily surprised on his 74th birthday anniversary Monday with a post card shower from former students of his, while he was a teacher in Westmoreland county, Pennsylvania, in the early '70's, and by a class of girls he taught in the Maryville public schools in '74 and '76, while he was assistant principal. The cards came from all over the east and were from states in the middle west and on to California. Mr. Embree was the first teacher of Mrs. C. J. Colden of this city, in Westmoreland County, Pennsylvania. His class of girls in the Maryville schools who remembered him Monday were Mrs. Mollie Selbert Cooper of Denver, Col.; Mrs. Frank Norton of St. Louis, Mrs. Emmett Deal of Oelrichs, S. D.; Mrs. Lyle Burnett of Lincoln, Neb.; Mrs. W. M. Howden of Skidmore, Mrs. J. W. Ray, Mrs. George L. Willey, Mrs. O. C. Hanna, Mrs. Gallatin Craig, Mrs. O. L. Holmes, Mrs. Lillie Dean Shelton, all of this city. Mr. Embree taught for a number of years in the country school near his farm after his work in the Maryville schools, and of former pupils there Mrs. T. L. Wilderman of this city was the one who remembered his birthday anniversary.

## They Make Their Own Way.

If you want to have real fun these days, see something that will make you laugh and feel good for the rest of your days everytime you think of it, go down to the high school play grounds at recess time before this snow and ice melts, and watch the youngsters play. Sleds are not allowed on the grounds, nor ice skates, but that does not keep the boys and girls from sliding down hill. They coast and slide around on pieces of tin, pieces of shingles and boards, and anything else that will slip or can be made to slide. And they go like lightning, too. Superintendent Hawkins said Thursday that to watch the work of the children at play and see their wonderful resourcefulness and ingenuity was enough to make anyone believe they did not need play grounds equipment.

## FOR FOLK OR CLARK?

DEMOCRATIC PRIMARY WILL DECIDE THE ISSUE.

## DELEGATES TO BE CHOSEN

County Convention Monday Will Be Composed of Delegates Elected Tomorrow.

Every Democrat in the county should be sure to express his choice for president Saturday in the primary election to be held in every voting precinct of the county between the hours of 1 to 5 o'clock. In addition to expressing a preference for president, each voter has the right to choose the delegates he wants to the county convention, which meets in Maryville on Monday.

The one receiving the highest total vote in the primary Saturday will be the one that the delegates from Nodaway county to the state convention at Joplin will be for. Then the only thing for the county convention to do Monday is to select thirteen delegates to the state convention.

Both the Clark and Folk supporters have been quite active the past week sending out literature. How Nodaway county will go in this election many will not predict, but some are of the opinion that Folk will beat Clark here.

In Maryville and Polk township the polling places for this election will be as follows:

Precinct A, Fourth ward, at Bright's barn.

Precinct B, Third ward, at Gray's sale pavilion.

Precinct C, Second ward, at Robey's garage.

Precinct D, First ward, city hall.

## TO START MEETINGS SUNDAY.

Evangelist W. J. Calfee to Be Here for First Methodist Church Revival.

Evangelist W. J. Calfee will be here so as to begin his services with the First Methodist Episcopal church next Sunday morning. He will preach morning, afternoon and evening. The afternoon meeting will be held at 3 o'clock and will be a men's meeting. The evangelist will speak on "The Great Modern American Miracle." His message will be in the interest of the modern movements for men and boys. There will be nothing in this address that could not with perfect propriety be said before any promiscuous audience of men, women and children. But the message is a men's message, and therefore a men's meeting. There will be services every evening next week, beginning promptly at 7:30 o'clock. On Friday afternoon at 4:15 there will be a meeting for the girls. It is put at this hour so that they may go directly from school to the church. On Saturday evening there will be a meeting for the boys.

Evangelist Calfee has had large success both as a pastor and evangelist. It is estimated that he has been the means of bringing over 15,000 people to Christ. He is a big hearted, brotherly man, and preaches a sane gospel. Dr. Ford knows him well, having been district superintendent of the Kansas City district while Dr. Calfee was pastor of the leading church in Kansas City, Kan., of which Mrs. Ford and children were members and regular attendants.

#### GAME WARDEN TOO INDUSTRIOUS

Kansas Officer Who Robbed House in Raid Gets Indeterminate Term in Penitentiary.

Pittsburg, Kan., Feb. 9.—The holding of a state office proved too great a temptation to Denzell W. Jones, recently a state deputy game warden. Jones was convicted of robbery in the first degree in the district court and received an indeterminate sentence of from ten to 20 years.

While discharging the duties of his position last fall, Jones decided that he could just as well enforce the prohibitory laws in Crawford county as the game laws. So he went to the home of two sisters, whose husbands are miners, and were away at work. He announced that he was there to see if they were running a joint. Jones searched the house and took money and other articles, among them a few bottles of grape juice. The women made complaint and prosecuted him.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September 1908. Since then I have had occasional attacks of kidney complaint, and I have always used Doan's Kidney Pills at such times. I recommend them whenever opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

"KIMMEL" WAS  
IN COURTROOM

Presence Not Known to Public Until He Had Left.

## HAD BEEN REPORTED MISSING

Alleged Banker in Great Insurance Contest Will Testify Against Mother and Sister, Who Want to Collect on Policy.

St. Louis, Feb. 9.—Andrew J. White, former convict, who claims to be George A. Kimmel, missing Arkansas City, Kan., banker, whose insurance policies are being contested in the United States district court, was in the courtroom for ten minutes, his presence was not known to other persons in the room and he departed quietly after listening to a part of the testimony.

White was found, lost and found again. After being discovered at a rooming house, where he had lived for three weeks, he departed, announcing he intended to leave the city. He was later found in a hotel eating with Harry Fox of Niles, Mo., whose wife is a relative of Kimmel and who accepts him as such.

## "Hid for Family's Sake."

"I buried myself for my family's sake," he said in speaking of the disappearance of Kimmel in 1898. "It has been my funeral. I did this for my mother and sister, not with any hope of benefit to myself. Mother and Edna (Mrs. Estelle Kimmel and Mrs. Bonslett) have pleaded with me not to ruin their chances for collecting the insurance. I shall testify to this at the trial."

Two witnesses testified and two depositions were read in court. The last witness, Dr. Frederick M. Benine of Niles, Mich., a boyhood chum of Kimmel, who later operated on him for a disease of the eye, testified that the man he saw in the Auburn, N. Y., prison, where he was held under the name of White, was not George A. Kimmel.

## Eyes Not the Same Color.

The operation on the eye of Kimmel, testified the doctor, left a scar which was necessarily permanent. The convict had no such scar. The eyes of the convict were not the same color, and the convict, the witness said, mispronounced the doctor's name.

A postcard was shown which Dr. Benine sent from Auburn to his chauffeur with a picture of the prison and the words: "He is in there." Dr. Benine said that by the "he" he meant the claimant and did not mean to convey the idea that the man was Kimmel.

It was while Mrs. Andrew J. Hunt, a former neighbor of Kimmel, as the first witness of the day, was testifying that White was in the courtroom. He heard Mrs. Hunt testify that he was not Kimmel, she having seen the claimant in prison. The defense in its statement to the jurors said that Andrew J. Hunt and Kimmel were so closely connected in business transactions that Hunt had good reasons for wanting to keep Kimmel "dead."

## PAY THEIR WAY THROUGH SCHOOL

Two Boys at Emporia Found Milk Business Profitable—Dairy Grew Rapidly.

Emporia, Kan., Feb. 9.—Last fall Ole Dressler and Antonio Mullen, students at the College of Emporia, who, if they wished to go through school, must pay their own expenses, went into the dairy business in a small way. They bought a couple of cows and worked up a milk route. They were model milkmen and their satisfied customers told their friends and their trade increased so that the purchase of more cows was necessary. They sold the scrubby cows and bought Jerseys and increased their herd to four. This week they bought five more Jerseys to keep up with their increasing trade and they now supply 35 families.

## May Bar Our "Spuds."

Washington, Feb. 9.—Canada is about to put up the bars against potatoes from the United States, fearing the dread black wart, according to department of agriculture officials. The "wart" does not exist here, but there is no quarantine law which would keep infected potatoes from Europe out of American ports, whence they might make their way into Canada.

## To Heaven Without Dying.

Des Moines, Ia., Feb. 9.—Charles Thompson of Nevada, Ia., president of the Northern Union conference of Seven Day Adventists, in an address to the delegates here declared that the time when people shall be taken up bodily from the earth and transported directly to heaven without experiencing death is only a few years in the future.

## Pawned Gems for \$8.75.

Atchison, Kan., Feb. 9.—After stealing \$600 worth of diamonds from the home of Frank Harwi, by whom he was employed as a chauffeur, Charles Hill, a negro, 39 years old, pawned them for \$8.75. He has confessed the theft to Chief Ryan. Hill came here a year ago and has since been employed by Mr. Harwi.

## Furniture Sale

We Will Have Our Regular Spring Sale from February 1st to 17th

We may be small dealers but we are the liveliest little fellows in the country yet. But we frankly say that we do not buy in car load lots for two reasons.

FIRST—We cannot get the prices we can to buy in different places, as we can some times buy one article from one factory that we cannot buy from any other place and get the price.

We are positive we own our goods as cheap as any one and sell as cheap. We are short on imitation or American quartered oak but we have plenty of the Genuine and they are right. We bought heavy in Beds this winter and have a good supply that we own for less than the jobber owns them and will give our patrons the benefit of the purchase. We will make you a few prices to show you we are right in prices.

## HINES TRIED TO BRIBE OPERATOR

Lumberman Wanted to See Telegram Sent by Detective.

### TESTIMONY CAUSED SENSATION

Physical Encounter Narrowly Averted in Lorimer Hearing When Girl Tells of Offer and Visit of Attorneys.

Washington, Feb. 9.—A sensation was produced in the senate Lorimer committee hearing by Miss Helen Seavers, telegraph operator in a local hotel, who testified that Edward Hines, the millionaire lumber man, had offered her money, about two weeks ago, to let him see a telegram Detective Bailey had just sent to H. E. Kerr. The telegram announced a postponement of the hearing.

Miss Seavers swore that a few minutes after Bailey sent the message, Hines came to her booth and asked to see the message just sent to Kerr. Says She Saw "The Green."

Miss Seavers added that Hines then said he would "put something in your paw" if she would let him see the telegram. The witness declared that Hines had money in his hands because she saw "the green," and that she shut the money drawer because she did not want him to drop the money in there.

The next day, she testified, Detective Bailey remarked to her: "Little girl, don't show my telegrams to any one."

At first she did not tell of informing Bailey then that Hines had sought to see the telegram. Later she testified that she did.

#### Fisticuffs Threatened.

Physical hostilities were threatened when Miss Seavers told of a visit paid to her by Bailey and Attorney Healy, associated with Attorney Marble in representing the committee, with regard to the Hines incident.

"Did anybody else hold money in their hands while they were talking with you on that occasion—while Mr. Healy and Mr. Bailey were talking with you?" inquired Attorney Haney.

"That is a gratuitous insult," flashed Attorney Healy. Attorney Haney retorted that he wanted it understood that Edward Hines was not the only one who could be insulted in the hearing.

#### Alleged "Trick" Question.

Chairman Dillingham suggested that no insult had been intended, but Senator Lea and others protested. Attorney Marble enlivened the already tempestuous proceedings by declaring Attorney Haney's remarks assumed money was in sight and that it was a "trick" question.

Attorney Haney remarked that the testimony merely tended to show that Hines had money in his hand while he was sending a telegram, but Senator Jones suggested that the committee might not put that interpretation upon it.

"She understood he was attempting to bribe her," declared Senator Jones.

#### Caught a Wild Man.

McAlester, Ok., Feb. 9.—For two weeks a wild man without clothes has been wandering in the woods east of here. The sheriff put bloodhounds on his trail and caught him. He is a giant and does not realize the weather is cold. He carried his clothes and said he was picking nettles out of them. He is believed to be a railroad shopman from Shawnee, missing for several weeks.

#### Carried Out to Sea.

San Diego, Cal., Feb. 9.—While hundreds lined the shore at Ensenada, lower California, witnessing the storm the power schooner Olympia was torn from its moorings and carried out to sea. Jesus Gonzales, a caretaker, crawled to the deck and beckoned to the helpless spectators for aid as the schooner was carried out of sight.

### SHOULD MEASURE LAND BY QUART

Representative Clark, of Florida Says This is How Sales in His State Should Have Been Made.

Washington, Feb. 9.—Representative Frank Clark of Florida replied hotly in the House to a statement given out by the Department of Agriculture which described his presentment of the charges of suppression of facts and undue influence of land promoters as "prejudiced and one-sided."

"I hesitate to take this action because I looked upon the venerable Secretary of Agriculture more in a sense of pity than of blame. But millions of dollars have gone into the coffers of those land sharks in Florida for lands that were eight or ten feet under water and that should have been sold by the quart instead of by the acre."

#### Postal Thief is Vengeful.

Wichita, Feb. 9.—James J. Hamilton arrested by postoffice inspector for conspiracy to defraud the mails, declares he will furnish bond when his father and brother arrive from Missouri, and then will not only clear himself but will involve several other persons.

## MANY SEEK MACON SWINDLER

REAL ESTATE SHARK WANTED IN OTHER STATES.

Rewards Offered in Different Parts of Country Now Aggregate \$40,000.

Macon, Mo., Feb. 9.—Evidence is coming in daily to the Hicks-Northcott Title and Investment company about Jacob L. Miller's operations in other places as well as in Macon, where he obtained \$2,500 on a forged deed. The man goes under as many different aliases as places he operates. His facility for avoiding detection is the most remarkable thing about his exploits. Everything is known about his method of doing business, but nothing about his way of hiding himself.

The most likely theory is that somewhere in Missouri, Illinois or Iowa, Miller lives under a different name as a reputable farmer and is widely known. Letters have come from firms in different parts of Iowa and Illinois telling of similar losses.

The details in all these transactions are about the same. The swindler comes to a town posing as a farmer who desires to buy a farm. After a few days in looking around he offers some farmer a good price for his land. The farmer's signature is obtained on a power of attorney drawn up by some notary.

He then goes to some real estate firm in the county seat and has them examine the title and draw up the deed and asks for a loan on the land to make improvements. As the farm is ample security, the firm is willing to make it. He then takes the deed, to get the farmer's signature. In a few days he comes back with the deed properly signed and with a notary's seal affixed and the loan is made. The firm then learns that the signature and seal have been forged.

Rewards amounting in all to more than \$40,000 have been offered in different parts of the country for the arrest and conviction of the man.

## LAW SCHOOL DEAN TO EUROPE

Judge J. D. Lawson Retires From Missouri University to Study Criminology Abroad.

Columbia, Mo., Feb. 9.—Judge John D. Lawson, for 21 years a teacher and nine years dean of the school of law of the University of Missouri, will retire as dean of the school, but will continue his duties as a teacher. President Hill said that he had nominated E. W. Hinton, now a teacher of law in the university, to succeed Judge Lawson.

Judge Lawson's retirement comes at his own request because of his duties in connection with the investigation of criminal procedure for the American Institute of criminal law and criminology. He is a member of a special committee which has been studying criminal procedure abroad and will return to Europe again in the spring for the summer and continue the work.

## RETAINED POOL PLAYING PASTOR

Business Men Threatened to Withdraw Support if He Was Removed—Was Champion of Town.

Spokane, Wash., Feb. 9.—When members of his flock found that the Rev. Frank E. Whitman, pastor of the Hope Congregational church of Newport, Wash., played pool in public halls, they complained to the Congregational ministers of Spokane and asked for an investigation.

The hearing disclosed that the preacher was the champion pool player of the town, but business men threatened to withdraw their support from the church if he was removed.

The investigating committee recommended that the pastoral relations be continued, and 24 new members were added to the church rolls.

## A BALD-HEADED WOMAN.

Shorn of Her Crown of Beauty, Loses In Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness, and success. Yet there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either relieve dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "33" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "33" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. The Orear-Henry Drug Co., 113 North Main Street.
